FLUORESCENT GARDENGLO PLANTER
ASSEMBLY INSTRUCTIONS

Please identify ALL PARTS with parts list PRIOR to starting assembly.

PLEASE READ ALL INSTRUCTIONS CAREFULLY BEFORE ASSEMBLING AND USING THIS PRODUCT. KEEP THIS GUIDE FOR REFERENCE.

If for some reason you are missing parts or have problems with your fixture **DO NOT CALL OR RETURN TO THE RETAILER.** Call for direct assistance at: 866-736-0796

INSTRUCTIONS:

- A 9-watt compact self ballasted fluorescent bulb is included. This bulb will operate very cool and has an average life expectancy of 20,000 hours.
- The Fluorescent GARDENGLO planter has no ON/OFF switching mechanism. It is designed to be plugged into a household outlet which is switched at the house. A separate control devise can be purchased at your home store which will plug into your wall outlet and the GARDENGLO planter to control time ON and time OFF automatically.
- The fluorescent GARDENGLO planter is double insulated which means it does not need a grounded plug or wire to operate outdoors.
- Do not use extension cord near water or where water may accumulate. Keep fluorescent GARDENGLO planter at least 16 feet away from pools and spas.

DANGER!! Risk of electric shock. Be sure that cord and plug is not plugged into an outlet before proceeding with the following assembly instructions.
